SANFORD'S RADICAL CURE FOR CATARRH

INSTANTLY relieves and permanently cures this distressing disease in all its varying stages.

It possesses the soothing and healing properties of plants, herbs and barks in their essential form, free from every drug, contamination, and in this respect differs from every other known remedy.

In one short year it has found its way from the Atlantic to the Pacific coast, and is now the standard remedy for the treatment of Catarrh.

The proprietors have been waited upon by gentlemen of national reputation who have been cured by this remedy, and who have, at considerable expense and personal trouble, spread the good news throughout the circles in which they move.

When you have a weakly gentleman of intelligence, and refinement, who has suffered from Catarrh, you will find it an article of great value, and worthy to be classed among the standard medical appliances of the day.

THE benefit I derive from it daily is to me invaluable.

HENRY WELLS, of Wells, Fargo & Co., has cured me after twelve years of unintermittent suffering.

I FOLLOWED the directions to the letter and am happy to state I have had a permanent cure.

D. W. GRAY, M. D., Muscatine, Iowa.

I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects.

W. M. BROWN, 22 First St., St. Louis.

AFTER using two bottles I feel myself cured.

I have since recommended it to one hundred ladies, and I feel confident that it will cure them all.

W. W. WATSON, 110 Harrison Ave., Boston.

WE have sold Sanford's Radical Cure for many years, and we can testify to its efficacy.

It is a simple preparation that gives such universal satisfaction. We have sold it in quantities of 25 and 50 cents.

D. BALDWIN, Washington, Ind.

THE cure effected in my case by Sanford's Radical Cure is a relief that I can never forget.

I have suffered from Catarrh for many years, and I have tried every remedy that I could find.

GEORGE F. DUNSMIRE, Drexel, Boston.

Each package of Sanford's Radical Cure contains a full and complete set of directions, and full directions for its use in all cases.

Price 25 Cents.

It is a simple preparation that gives such universal satisfaction.

YELLOW FEVER.

Memphis, September 10.—The following is the report of Dr. R. W. Mitchell for today: To A. D. Langstaff, President of the Howard Association: Number of new cases since our last report 151. My appeal for covered vehicles for our volunteer medical corps has not met with a single response. I have supplied them with rubber coats to protect them from the storm that has continued during the entire day. It was the best that I could do. New calls for help have had to be unheeded to-day. I am distressed to report of our volunteer medical corps struck down with fever—Dr. S. McCormick, Green, Hunter, Harlan, Mittal, Dawson, Rankin, McGregor and Nugent. At this rate it will not be long until all the living will be converted into a burial corps.
